

HAMPSHIRE & ISLE OF WIGHT COMMUNITY SAFETY ALLIANCE

These meetings will take place quarterly and be chaired by the Commissioner. They will be attended by the Chairs of the Community Safety Partnerships (many of whom are Leaders or Executive Members of the relevant District Council), supported as necessary by their Community Safety Managers. This will complement the arrangements put in place to meet with representatives of the four top tier and unitary Authorities and other statutory partners, as outlined above, and enable the Commissioner to build and maintain a sound business relationship with the Community Safety Partnerships (CSPs).
