

## MONSTER PROFILE

# INFO-EATER

Info-Eater is always on the lookout for his next meal. His long arms grab personal information from the internet which he munches and digests using his swirling teeth. He is quite generous though and often shares the information with fellow monsters so they can cause more trouble!

**SNEAKINESS:** 68

**SPEED:** 63

**STRENGTH:** 76

**FEAR FACTOR:** 72

# HOW TO DEFEAT THEM

## GoFISH

1 Don't share personal information online – like your address, email address, date of birth or mobile number

2 Social media sites and games will have privacy settings - make sure they are set as high as possible

3 Set strong passwords and never share them

## IF IN DOUBT GIVE AN ADULT A SHOUT
