

What is the role of the Police and Crime Commissioner?

Who decides how much I pay for policing?

Who sets the strategic priorities?

Who holds the chief constable to account?

Who will listen to my concerns?

In addition to being accountable to being elected to the public for Hampshire Constabulary's performance, setting the policing element of the council tax and determining the strategy for policing and crime and disorder reduction the Commissioner funds a range of services to support victims and witness and initiatives to reduce offending.

VULNERABLE AND AT RISK

Projects to help prevent CSE through awareness raising and improved early intervention.

Crime prevention projects to help older people and those socially isolated who can be more vulnerable to scams and anti-social behaviour.

Bespoke services targeted at children and young people who are vulnerable or at risk of offending and entering the criminal justice system.

New life-saving equipment for Hampshire Search and Rescue.

WORKING WITH YOUNG PEOPLE

Funding for clubs and activities for young people so they have a positive focus for their energy and can access to support, advice and guidance.

WORKING WITH OFFENDERS

Projects that work with offenders to address substance misuse and to help them access pathways, material support (ie debt advice and housing) that can help reduce re-offending.

Total funding awarded for 2017/18

RESTORATIVE PRACTICES

An inclusive Restorative Justice service that gives victims the opportunity to communicate with the offender, in the most appropriate way for them. It offers them the opportunity to express how they have been affected by the crime and have their questions answered helping them on their path to recovery.

"I was pleased to be given the opportunity and choice to take part in Restorative Justice. How could I ever gain any 'control' back without allowing them to hear my voice?"

Mediation services to deal with community and neighbour disputes before they escalate.

SUPPORTING VICTIMS

Victim Care Service to provide support for victims of crime to cope with, and recover from, the harmful effects of the crime they have experienced. Supports approximately 70,000 victims of crime each year in Hampshire, the Isle of Wight, Portsmouth and Southampton.

Advocacy support for victims of stalking

Projects and services that work with those affected by domestic abuse offering support, increasing understanding and helping to break the cycle of abuse. "I would hardly recognise that girl that was too afraid to talk to anyone and I'm getting the real me back again."

Providing emotional support, counselling, practical support and advice to adults and families affected by sexual crime.

Initiatives to increase identification, reporting and support to the victims of hate.
