Decision title

Procurement Decision Notice- ACRO- Procurement of Programme Technical Lead and Senior Business Analyst services for the ACRO Digital Transformation Programme

Executive summary

[Briefly summarise the key points of the accompanying Decision Request. This Decision Record will be published; therefore, ensure it is clear, compelling and explicit on how the Decision contributes to the Hampshire Police and Crime Commissioner's (PCC) priorities as outlined in the Police and Crime Plan 'More Police, Safer Streets'.]

The procurement of Programme Technical Lead and Senior Business Analyst services is essential to maintain momentum in ACRO's Digital Transformation Programme and deliver the new Case Management System (CMS). The CMS will provide a secure, integrated platform for sharing criminal record information with UK law enforcement, competent authorities and international partners, including EU Member States, supporting safeguarding and public protection.

Both roles have been embedded in the programme since its inception and possess critical knowledge of ACRO's processes, technical architecture and security requirements. Continuity of these resources will ensure delivery remains on track, meets Police Digital Service assurance standards and avoids costly delays or rework. This decision directly supports the PCC's priorities in "More Police, Safer Streets" by improving operational efficiency, resilience, and safeguarding outcomes.

Recommendation(s)

ACRO procures the services of the existing Programme Technical Lead for a period of up to 2 years, and a Senior Business Analyst for a period of 6 months, commencing January 2026, through direct award via Consultancy Plus.
